

# TRAILSIDE ELEMENTARY SCHOOL

## NEWSLETTER WEEK OF AUGUST 9, 2021

Dear Families!

We are just one week and a few days away from school starting! Are you excited? I know I am!

The supply lists are posted on our webpage. We recognize that this is an especially difficult time getting needed school supplies. If you are unable to get something on the list, don't worry--it will be provided by the school.

On Monday of next week, you should be hearing from your child's classroom teacher. The communication will most likely come via email. So please watch for this.

On Tuesday of next week (the 17th), you will be able to come to the school for our open house, between 2 and 3:30, and meet your child's teacher, see the classroom, etc. Masks are strongly recommended.

For those who may be feeling some anxiety about returning to school in person when COVID cases in Utah are on the rise, please be assured:

- Masks will be strongly encouraged during the school year. The Governor will be providing us with KN-95 masks.
- We will hand-wash and hand-sanitize regularly.
- Your child will be able to use a water bottle and fill it up at a touchless station. Feel free to send a water bottle with your child.
- As you may know, we have a nurse assigned to our school. Our nurse will be guiding us through some of the mitigation tactics as well as required processes if we have a COVID case on site.
- Our air refresh cycle will be running every hour.
- Filters will be changed every 2-3 weeks.
- We have a hospital-grade air scrubber to be used regularly.

We are counting on this being an all-hands-on-deck kind of year. We need the support of families in collaborating with us to keep all children and adults at Trailside safe. We anticipate a great year full of fun and learning! Let me know if you have questions or concerns. I can be reached by email at [jmartin@pcschoools.us](mailto:jmartin@pcschoools.us).

See you soon!

Dr. Martin  
Principal
